Advantage ClaimBook

First time Right Claims
Rule Engine that ensures data is complete and correct prior to submissions.

Automated Workflows
Smart data extraction from documents & HIS integration to eliminate manual data entry.

One-Click Actions
Intelligent UX design ensures prompt attention to notifications and rapid actions on follow-ups.

Auto Handoff
Discharged cases move from insurance desk to finance dept for collections, instantaneously.

Information Display
Information display boards eliminate patients crowding at the insurance desk.

Cloud Hosted
Eliminates need for on-premise infrastructure.

Business Insights
TPA performance dashboards give visibility to outstandings, ageing of dues, revenue leakage etc.

One-Stop Solution
Manage all TPAs from a single portal.
